Advertising included	No	No	Event sponsor logo	Event sponsor logo + 1 x POI mark or 1 x Watermark logo

Prices are net with a valid, registered EU VAT tax number only, otherwise and outside the EU subject to 27% VAT tax.

General terms

Prices, payment:

prices are net with a valid, registered EU VAT tax number only, otherwise and outside the EU subject to 27% VAT tax. Payment by PayPal (we can send payment request) or wire transfer.

Please contact us for larger regatta events outside the range of the listed prices.

We are negotiable, no regatta will stay invisible, if that is up to us!

Regatta Pack users:

registration day is counted as a race day. use it to get all boats into the system from which point you can send messages to all participants of that regatta; a useful function for smooth communication. Also, racers who are first time users have time to get familiar with their apps.

Advertisement and sponsoring:

organizers have priority in purchasing or reselling advert places for their events to their existing or new sponsors who want to increase public awareness and reach a niche audience via KWINDOO. Unused ad places are subject to be sold by KWINDOO for both, the Subscription and the Regatta Packs options, and also for the daily-use versions. KWINDOO may have regional or seasonal agreements in place for multiple events, please check advert place availability in advance. Organizers are responsible for their ad content and may be asked to prove rights for using third party logos or other content appearing in the system.

Canceled events:

risk is with the organiser/host.
